(Pertinent Sections)

SECTION 2.

A. It shall be unlawful for any person to change or remove any sidewalk adjoining public streets, easements, rights-of-way, alleys or other public property, whether for purposes of making a driveway entrance to private property or otherwise, and no driveway on or across a public street, easement, right-of-way, alley or other public property shall be repaired or installed without first having written permission from the city. This sub-section shall not apply when the work is done by the city employees, or under contract administered by the city.

B. Application for sidewalk removal or change permits shall be made on forms furnished by the city. No fee shall be charged for such permit.

D. When a permit for removal or change is requested, all existing sidewalks covered by the permit applications shall be removed completely, and any sawing of sidewalks shall be done by the city at the expense of the permit applicant.

E. All work shall conform to specifications and to the rules and regulations established by the city, and to instructions issued pursuant thereto by the City Manager or his designate.

F. All work shall be subject to inspection by the city during construction and upon completion thereof. The City Manager or his designate shall be notified by the permittee before concrete is poured and/or surfacing is applied, and permittee shall not proceed further with the work until being authorized by the city.

G. 3. There shall be adequate backfilling, compaction or bridging and all concrete shall be repoured to an appropriate thickness, all as provided by city specifications.

H. The permittee shall furnish suitable barricades with warning lights to adequately warn motorists and the public of the hazard when the sidewalk has been removed, in accordance with city specifications.

I. The permittee shall comply with such other terms and conditions as the City Manager or his designate deems necessary and proper to protect the city and the public from loss, injury or damage as a result of the cutting and removal of sidewalks.
